PERSONAL PROJECTS

Personal Website   June 2024
- Built a comprehensive online portfolio through self-taught knowledge of HTML and CSS, featuring coding, design, and art projects.

Stocks Program   May 2024
- Collaborated with a partner to create a Java program simulating the stock market to enhance understanding of financial algorithms. The user has the ability to create portfolios in which they can buy & sell stocks, calculate their monetary worth over time, and export & import portfolios as XML files.

Touching Grass   May 2024
- Prototyped a visual novel video game using Google Slides, hosted on a website, critiquing absurdities within the Internet to further develop my self-taught HTML & CSS skills.

WORK & VOLUNTEER EXPERIENCE

Freelance Digital Artist & Content Creator   March 2021–August 2024
- Illustrate and post paintings, pieces, and portraits of characters to a 4000+ follower audience on TikTok.
- Managed freelance commissions from initial inquiry through final delivery, ensuring consistent communication with clients..
- Foster and maintain a community of artists and art enjoyers.

Yogurtland Sales Associate | Westlake Village, CA   January 2023–June 2023
- Advised numerous customers on products to suit personal taste and dietary restrictions.
- Addressed and managed customer inquiries and complaints while maintaining efficiency in high-demand environments.
- Ensured cleanliness throughout the store.

Catholic Confirmation Peer Leader | Thousand Oaks, CA   July 2019–July 2021
- Lead biweekly discussions among small groups of five to ten high school students.
- Organized and assisted day-long retreats and events.
- Ensured the physical & mental well-being of ~50 retreatants and students before, during, and after events.
